Senior designer

Work Experience

I held a page 1 Google position for the search term 'freelance graphic designer London' for over 12 years (pre pandemic). As a result I've had a huge variety of work. My clients include large corporations, Ad and PR agencies through to small start ups needing the full works; branding, packaging, social media and web design, etc.

I coordinate large cross-platform projects in collaboration with other freelance coders, copy writer & animators etc. Whilst my heart is in Illustration, my superpower is branding. I also create bespoke wallpaper mural designs, run festival headdress workshop and make jewellery.

Clients include: HP, Disney, Pimm's, Moonpig, Colgate, Telefonica, Nyetimber, Next, All Star Lanes, Port Eliot Festiva, Mamma Event Production..
